

Splat

Splat | child friendly and funky

Soundtect panels are made from 100% polyester with over 50% recycled content. The panels themselves can also be recycled making them incredibly environmentally friendly.

With its bright and welcoming colours, the Splat ceiling panel is more than an acoustic enhancement. Adding a distinct visual appeal to any room, this panel is especially suitable for schools, play areas and any other places children frequent. Splat is one of the most popular designs for schools for it broadens the children's imagination and creativity, while secretly providing them with a quieter place to work and learn.

Soundtect Splat – Product Benefits

- A better way to transform open, sound-challenged spaces into more comfortable environments.
- Offers design options that are unusual and stand out, giving designers individual looking projects
- Easy to Install — the panels are easily wall mounted and can be used to create floating ceilings that absorb sound and enhance sound quality.
- Reduction of reverberation by offering Class E Absorption to increase speech intelligibility in a specific area while reducing background sound noise levels.

Product Care

Soundtect panels are easy to clean. Simply use soap and water or specific carpet cleaner to remove stains or marks. The panel should be blotted first to remove surface spills and then gently cleaned with a soft clean cloth, taking care not to rub excessively or use excess water. Panels with a painted finish can be painted over once.

Technical Details

Soundtect Products have been tested for Fire and Acoustic performance. Full test reports are available upon request.

Acoustic Performance

Splat offers excellent sound absorption properties. The Laboratory Measurement of Random Incidence Sound Absorption to BS EN ISO 354:L2003, tested at SRL UK.

Equivalent Absorption Area per Object

Calculated to EN 150116541997 @0.55, Calculated to ASTM C 423 - 01- NRC 0.70

Fire Class Testing

Soundtect achieved Class BS1 DO, this makes Splat suitable for use in Class 1 and Class 0 requirements.

Product Specifications

- Product size: 1000x800x40mm
- Composition: 100% polyester fibre (PET)70% recycled
- Fire Class: BS1 DO (UK Class 1)
- Design: Splat
