# *unlimited* POSSIBILITIES

*Soundtect's Freestyle™ Panels are architecturally inspired and can be used to create stunning, utterly modern wall and ceiling designs in a range of colours and finishes.*

The contemporary design is suited to a range of commercial applications and ensures effective acoustic management whatever the space.

With up to 70% recycled content and finely tuned reverberation and sound control, Freestyle™ is the natural choice for bespoke designs that challenge the status quo.

Developed by London-based Soundtect, Freestyle™ panels are built to exacting quality and use all of Soundtect's pioneering acoustic know-how.
