RADIUS OFFICE

axxessplus

Frameless, 'perfectly-flush', through-desk access port, the axxessPLUS represents the top-of-the range in through desk units.

Developed to satisfy the most discerning desk-user, axxessPLUS maintains the superb finish of the most luxurious desks, whilst providing easy access to power and data services.

Available with two doors or one door with brush strip. Finishes available in silver naturally anodised aluminium or recessed naturally anodised aluminium to accept a suitable veneer.

Features

axxessPLUS and axxessPLUS single lid can both be utilized as simple but elegant ports to complement the table surface. Both options are available in silver/aluminium or recessed to allow the customer to apply a veneer (0.5 - 0.8mm) of their choice.

Power and Data configuration (if applicable)
Power only / Data only / Combined (Power & Data/AV) Segregation between Power and Data/AV in combined axxessPLUS units.

Fusing: (to enable compliance to BS6396)
5 x 20mm anti-surge ceramic fuses, with colour-coded fuseclips to denote the rating (3.15A/5A).
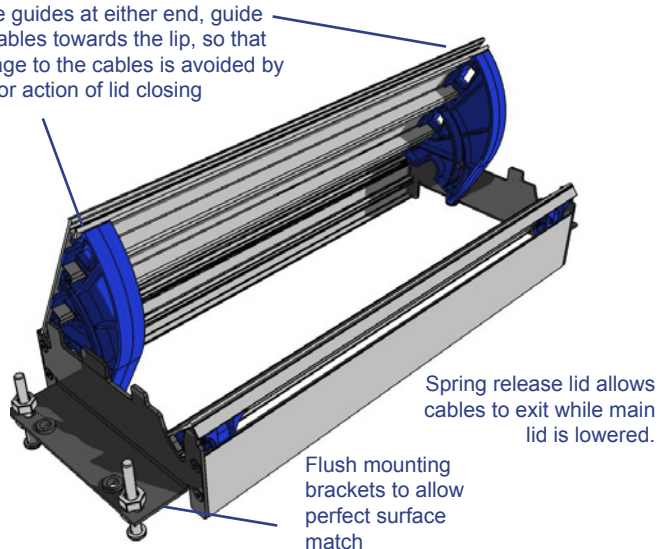

Insulation:
Re-inforced insulation.

Testing:
100% testing - continuity, polarity, insulation & earth.

Fitting:
Please see website for more details on axxessPLUS fitting instructions.

axxessPLUS features

Cable guides at either end, guide the cables towards the lip, so that damage to the cables is avoided by scissor action of lid closing

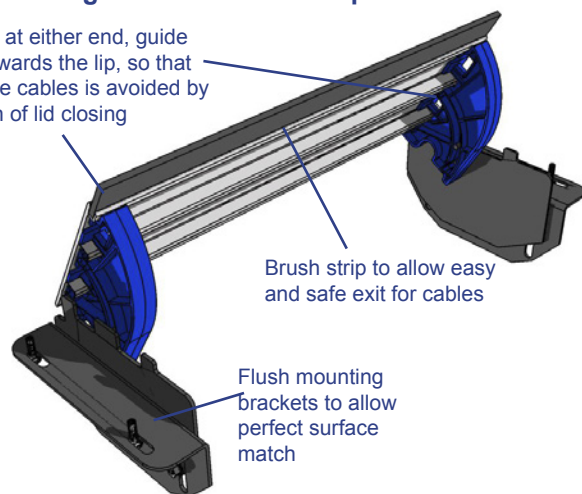

Spring release lid allows cables to exit while main lid is lowered.

Flush mounting brackets to allow perfect surface match

## axxessPLUS single lid with brush strip features

Cable guides at either end, guide the cables towards the lip, so that damage to the cables is avoided by scissor action of lid closing

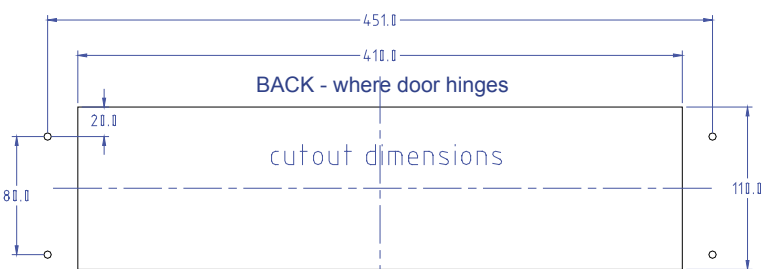

Brush strip to allow easy and safe exit for cables

Flush mounting brackets to allow perfect surface match
