The Anders workbooth is a great place to get some private, quiet work done. The generous desk, integrated power and LED downlight create the perfect place to sit down and get work done without any distractions.

Whilst your working away inside, the rest of the office/ library get to see the very cool dynamic form of the Anders booth.

Designed in Birmingham

In-house- 2016 Launch

2D and 3D CAD blocks can be downloaded from the Anders product page on our website- as well as high resolution images.
