FABRICANT FRANÇAIS

A HIGH COHESION

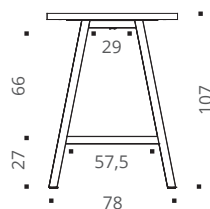

Tops

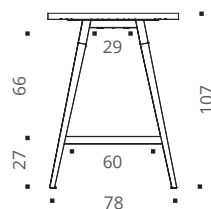

- Nitech® – cardboard honeycomb core faced with 8 mm thick melamine-coated particle board, 38 mm thick, density 330 kg/m³ (+/- 5 %), 2 decorative sides counterbalanced with anti-reflection treatment.
- 3 mm thick protective edging covered with 2 mm thick shock-proof ABS straight edging, radiused and matching the top finishes.
- Metal inserts for improved tear resistance and easier assembly.
- Tops available in depth 80, 100 and 120 cm (depending on layout).
- Cable management: Available with or without central built-in electrical socket strip (dim. L313 x D59 mm), equipped with 3 power outlets + 2 x 5 V USB charging sockets + 1 HDMI socket + 1 RJ45 socket.
- 100 % PEFC tops from sustainably managed forests.
- Honeycomb core 100 % recycled paper.
- E1 certification in compliance with standard NF EN-717-2.
- M3 fire classification.

Legs

- **2 metal trapezium A arch leg versions :**
 - All steel of cross-section 50 x 50 mm, lacquered epoxy finishes available: white (RAL 9016) – black (RAL 9005) – protected unpainted.
 - Made of steel of cross-section 50 x 50 mm, with white lacquered epoxy finish (RAL 9016) in the upper part and natural varnished solid beech with tapered cross-section 50 x 30 mm in the lower part.
- 740 mm high worktops. Adjustable screw jacks (Ø 40 mm), stroke 10 mm, mounted on metal thread.

Structures

- Structural metal cross-members, cross-section 45 x 25 mm, equipped with 2 end fittings to connect the legs and provide perfect stability
- Height under cross-member: +/- 97.5 cm
 - Lacquered epoxy finishes available matching the legs: white (RAL 9016) – black (RAL 9005) – protected unpainted.
- Tables without cable management fitted with 1 cross-member.
- Tables with cable management fitted with 2 cross-members.

Cable management

- **Tops :**
 - Available with or without built-in electrical socket strip (dim. L313 x D59 mm), equipped with 3 power outlets + 2 x 5 V USB charging sockets + 1 HDMI socket + 1 RJ45 socket.
 - The electrical socket strip is pre-wired with 2 m cable for the HDMI and RJ45 sockets and 3 m cable for the power outlets.
 - A plastic universal cable hook is included for tables with cable management.
- **Metal cable channel :**
 - Metal cable channel (1.5 mm thick steel) which can be positioned on the structural cross-members to take the cables from the electrical socket strip.
 - Dimensions: D115 x L700 x H50 mm (under top).
 - Useful dimensions: D64 x H24 mm.
- **Vertical cable management :**
 - by optional magnetic metal cable channel (L46 x D20 x H620 mm), available in 3 finishes matching the legs. Only compatible with metal legs.
