# MOBILE SHELVING

## Mobile Shelving

Storagrid's mobile shelving system is a cost-effective and virtually maintenance-free way of creating extra space by reducing aisles between shelving units.

This unit offers a solution to maximising storage potential and combating the problem of inadequate storage space. It is a solution that minimises the aisles necessary whilst maximising the shelving possible; specifically, Storagrid's delta/boltless mobile shelving maximises shelving space by enabling a single aisle to move between rows of shelving. The system is ideal for high-density storage and can increase effective storage space by up to 80%.

# MOBILE SHELVING

## Mobile Shelving

---

The mobile shelving unit is excellent for any office environment as it has safety anti-tip devices, is lightweight, and is mechanically operated for practically any storage requirements. It is bespoke designed and used in conjunction with the appropriate shelving system most suitable for the storage application.

- Lockable system offering added protection and security
  - Safety anti-tip devices
  - Modular design for easy relocation, addition, and alteration.
  - Choice of colours
  - Projects are designed specifically to solve your storage problems.

# DELTA & BOLTLESS SHELVING

## Delta Shelving

With its fresh modern design and pleasing colour scheme, Storagrid delta shelving is the ideal shelving system for office and commercial environments. Storagrid delta shelving features a bolt-free design making assembly easy and fast. Ideal for box files, archives, hanging files, or just general storage, Storagrid delta is the right choice.

- Strong, safe front 'delta' edge
- Ergonomically designed, with office applications in mind
- Fast and easy to assemble. No nuts or bolts
- 25mm pitch
- Backs can be open or closed.

## Boltless Shelving

If you require a heavier load capacity, Storagrid's Boltless Shelving is the ideal choice, as this shelving system provides a heavier load per bay and per shelf. Storagrid's Boltless Shelving is a flexible modular system with shelves adjustable to 25mm increments and is fast and easily assembled.

The simplicity in design is based on the use of a relatively small number of components to solve even the most complicated and challenging storage problems.

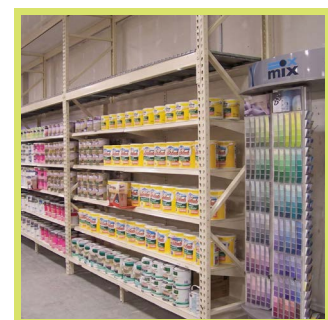

# CANTILEVER SHELVING

## Shop Shelving

If you require quality shop fittings that will maximise storage potential while enhancing the selling power of your goods, then Storagrid's shop shelving is the ideal choice.

This innovative line of shelving is versatile, aesthetically pleasing to the eye, and can hold a range of weight loads. It is the perfect choice for maximising storage in small, medium, or large shops.

# CANTILEVER SHELVING

## Library Shelving

Storagrid's Library Shelving has been developed over many years and is the ideal storage solution for library users. Its strong, robust, and safe design provides a system that is reliable and durable. Tailored to your specific requirements, Storagrid Library Shelving is the ideal choice for book storage.

## Features

- Strength
- Durability
- Attractive design
