MODELS

TOP FINISHES

Melamine

A durable material, typically used for most desks. Resistance to scratches and abrasion. Easy to clean.

Veneer

A more authentic finish using a real wood layer. Wood grain can differ from board to board. Protection required from scratches and stains.

METAL FINISHES

*Textured Satin (30% Gloss)

*Smooth Matt

*Smooth Satin (30% Gloss)

1-PIECE

Width

1000 to 2400mm (in 200mm increments)
