DECORA

Transform Your Space with Decora

Decora, the innovative vertical zoning system from Worksale.Design, combines sleek design, functionality, and sustainability. Ideal for offices, stores, and homes, Decora offers customisable solutions to create efficient, stylish, and organised spaces.

Zones That Work as Hard as You Do

Modern offices demand flexibility and functionality, and Decora delivers on both. Its slim, modular design transforms open spaces into efficient zones, enhancing personal space without sacrificing collaboration. With features like acoustic panels to minimise noise and whiteboards for brainstorming, Decora supports an agile, productive work environment.

Why Decora is Perfect for Your Office

- Define work zones without adding bulk
- Built-in tools like whiteboards boost team creativity
- Acoustic solutions improve focus and comfort
- Available in modern finishes to suit your aesthetic

COMMERCIAL SPACES

Turn Every Product into a Showstopper

Decora redefines how products are displayed in retail spaces. Its angled shelving design ensures every item is perfectly presented, drawing attention and enhancing the shopping experience. Add to this its ability to integrate planters or moss panels, and you have a visually striking solution that sets your store apart.

Go-to Solution for Stores:

- Highlights products with 45-degree angled shelves
- Customisable to fit your unique layout and branding
- Adds a modern, upscale feel to your store
- Accessories like planters and moss walls create a dynamic look

Bring Order and Beauty to Every Corner

For homes that need both style and functionality, Decora is the ideal choice. Use it as a sophisticated room divider or an organised display for books and decorative items. With a range of accessories, materials, and finishes, Decora blends seamlessly into any living space, creating harmony and character.

Make Your Space Work for You

- Stylish dividers for open-plan living
- Perfect for showcasing books, photos, or greenery
- Slim design saves space while adding a modern touch
- Easy to customise with shelves, acoustic panels, and more

Custom Design

Custom Design Requirements

Our acoustic panels offer flexibility with multiple patterns, including a **fully customisable option**. Whether it's a **logo**, a **unique pattern**, or a **combination** of both, you can bring your vision to life.

To ensure precision and production quality:

- Designs must be vector-based and **monochrome**.
- Non-vector designs may experience slight deviations.
- Complex patterns may require additional structural supports.

Construction Base Options

Decora - Stylish Zoning with a Tilt

The tilt feature of Decora sets it apart, offering **0°**, **45°**, and **90°** options to transform any space with ease. Use the flat setting for traditional shelving, tilt to 45° for an elegant product display, or go vertical for secure storage or eye-catching dividers.

In offices, the tilt options help create zones that boost productivity while showcasing documents or tools. **In showrooms and stores**, the angled shelves enhance visibility, letting products shine. **At home**, they're perfect for books, memorabilia, or unique decor displays.

With Decora's tilting versatility, one system fits countless needs.

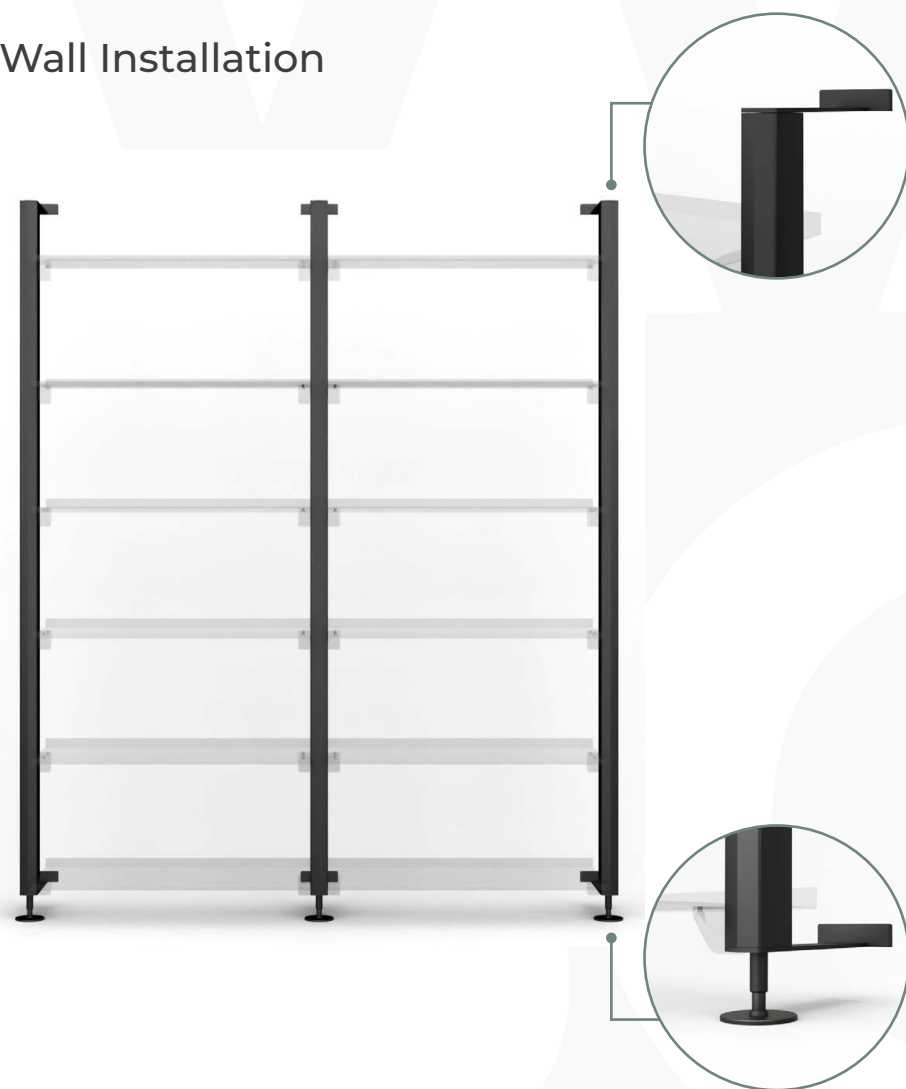

Explore Decora and tilt your space into something extraordinary.

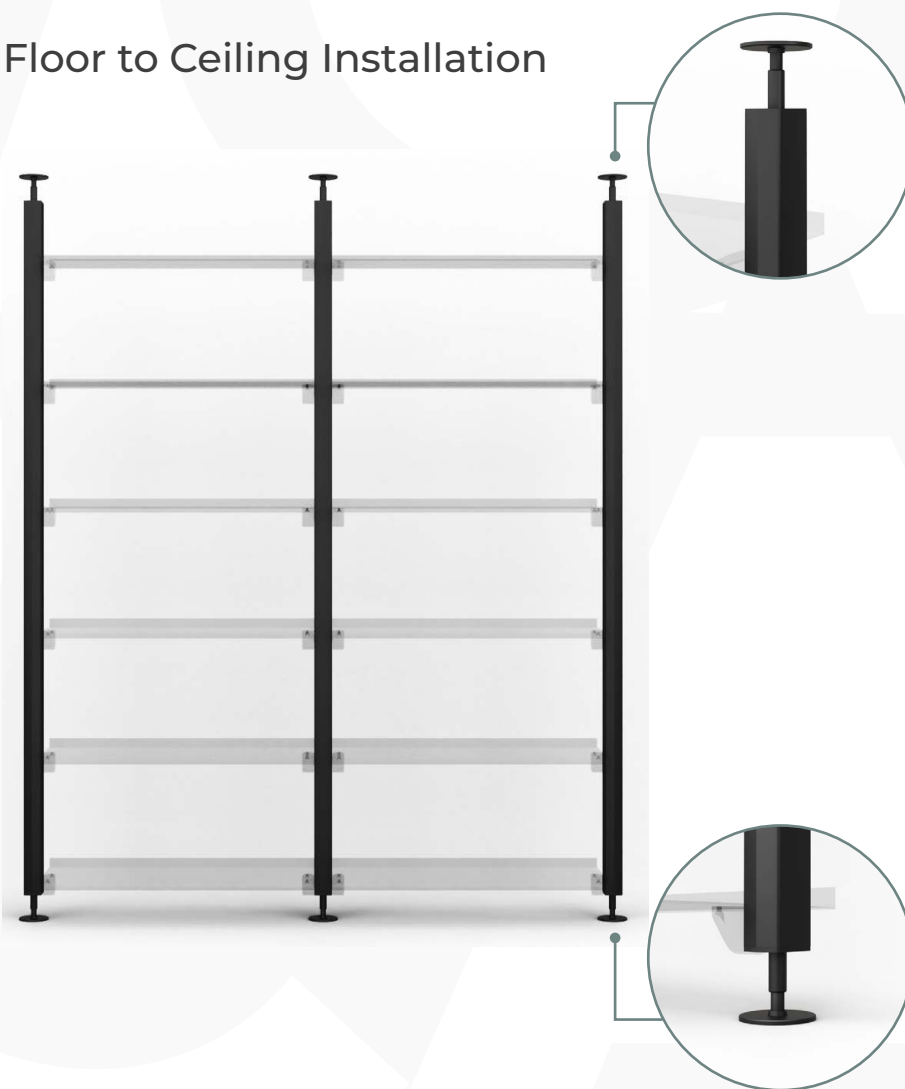

Construction Base Installation

For homes that need both style and functionality, Decora is the ideal choice. Use it as a sophisticated room divider or an organised display for books and decorative items. With a range of accessories, materials, and finishes, Decora blends seamlessly into any living space, creating harmony and character.

Built-in LED Lighting

Decora's **integrated LED lighting** takes functionality and design to a new level. Seamlessly built into its modern vertical zoning system, the lighting enhances any space, from open-plan offices to retail showrooms and residential interiors. Designed for **efficiency and style**, it complements the sleek finish of the system while providing optimal illumination.

Energy-Efficient Design: Bright, long-lasting LED lighting with low energy consumption.

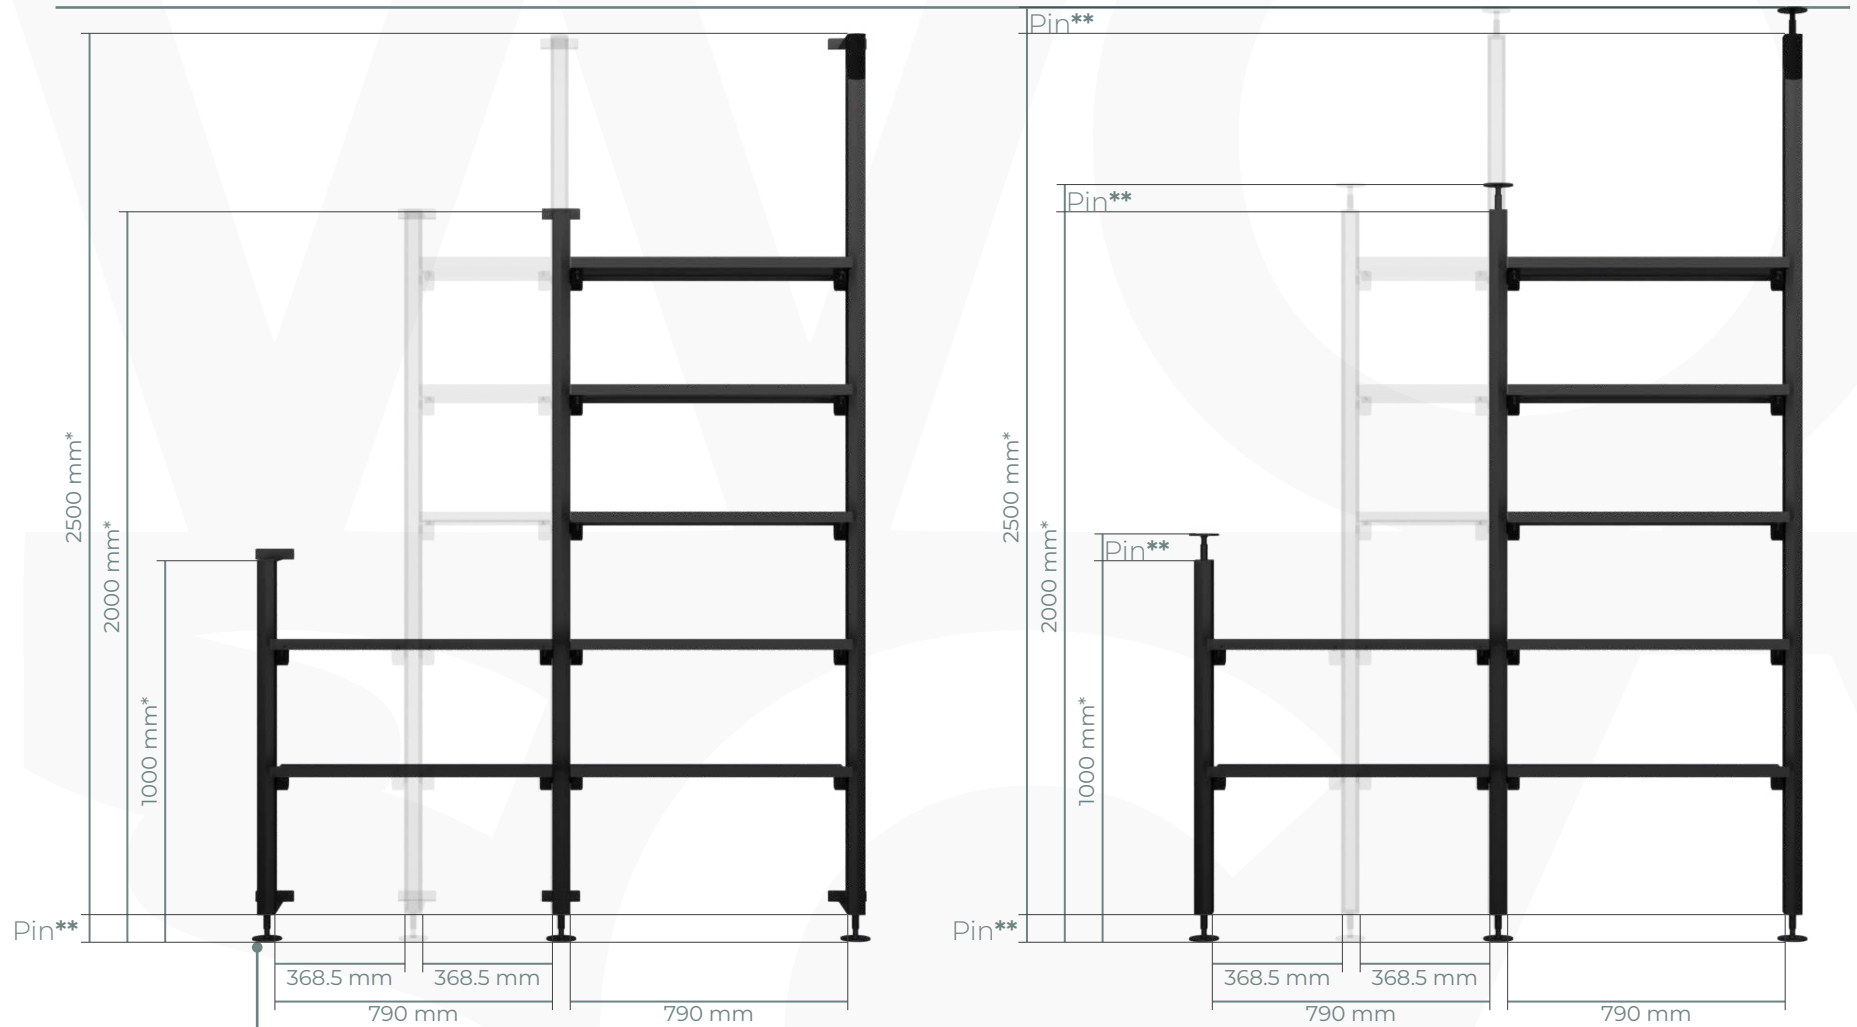

Versatile Applications:

Ideal for offices, product displays, or accent lighting at home.

Sleek Integration: Clean, built-in design enhances the minimalist aesthetic of Decora.

Dimensions

** Pin

Installation pins secure the system to floors and/or ceilings, available in three adjustable sizes to fit various heights. Table below.

Pin Size	Minimum Height	Maximum Height
Pin 1	92 mm	142 mm
Pin 2	142 mm	192 mm
Pin 3	192 mm	242 mm

* Dimensions do not include pins
