Spry

Your Space, more Agile - with Spry

Spry is an innovative mobile panel designed for dynamic work environments. Whether in an office, classroom, or collaborative space, Spry seamlessly adapts to your needs. With its modern design and versatile configurations, Spry enhances productivity, organisation, and creativity in any setting.

Why Ws.D Spry

Ultimate Flexibility

Spry's modular design allows effortless workspace division, display, and adaptability.

Built to Last

A sturdy metal frame, combined with high-quality materials, ensures long-term durability.

Seamless Mobility

Equipped with smooth-rolling castors and tactile leather handles for easy repositioning.

Multi-Functional Panels

Choose from whiteboards, pinboards, storage units, shelves, TV mounts or coat rails.

Sleek Aesthetic

Available in a variety of colours and finishes to complement any workspace.

Eco-Friendly Design

Constructed with sustainable materials and recyclable components.

Enhancing Collaboration in the Modern Office

Modern offices demand adaptable solutions that foster collaboration, organisation, and productivity. Spry is designed to meet these needs by offering a mobile, modular approach to workspace design. Whether used for brainstorming, team meetings, or dynamic work zones, it enhances efficiency and creativity.

- **Effortless Collaboration** – Whiteboards and pinboards turn any space into a brainstorming hub.
- **Flexible Space Division** – Create zones without permanent partitions, adapting layouts as needed.
- **Perfect for Hybrid Work** – Supports hot-desking and reconfigurable spaces for fluid teamwork.
- **Smart Organisation** – Integrated storage, shelves, and coat rails keep workspaces tidy.
- **Tech-Ready** – TV mounts and cable management make it ideal for presentations and digital meetings.

Spry transforms offices into agile, high-functioning environments, keeping teams engaged and productive.

Find Your Perfect Spry Configuration

Spry is more than just a product—it's a versatile solution designed to adapt to diverse working environments. With **nine distinct configurations**, you can choose the perfect combination of **whiteboards, pinboards, shelving, storage, planters, and coat rails** to match your workspace needs.

Whether you need a **collaboration hub**, a **presentation tool**, or a **stylish storage unit**, Spry offers **flexibility and function** in a sleek, mobile design. Each model is crafted with **premium materials** and **smart accessories**, ensuring seamless integration into modern offices, meeting rooms, and educational spaces.

Pick the setup that works for you and transform your space with Spry.

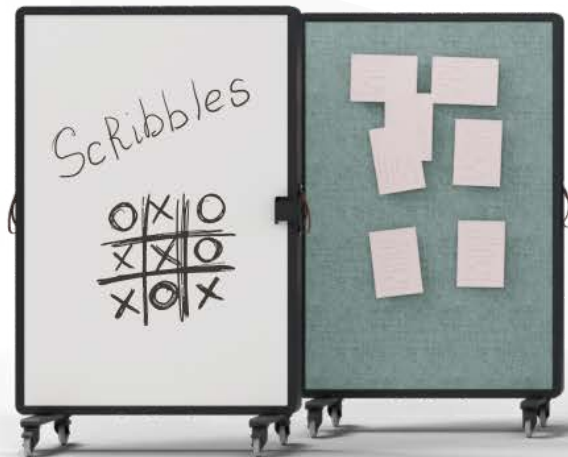

MULTIPLE CONFIGURATIONS, LIMITLESS APPLICATION

Whiteboard & Pinboard

Best for brainstorming, meetings, and presentations.

- One side features a whiteboard for writing and sketching.
- The opposite side is a pinnable board, perfect for notes, reminders, or mood boards.
- Encourages team collaboration in agile workspaces.

Whiteboard & Fabric Panel & Storage

A versatile all-in-one unit for presentations and organisation.

- Whiteboard for writing and brainstorming.
- Fabric panel for pinning materials or adding a soft, acoustic-friendly element.
- Integrated storage keeps essentials neatly organised.

Whiteboard & Fabric Panel

A dual-function collaboration panel with a professional aesthetic.

- One side serves as a writeable whiteboard.
- The other side is a fabric pinboard for planning and idea-sharing.
- Ideal for offices needing a balance of presentation space and texture.

Whiteboard & MFC Panel

A modern, sleek alternative for multi-purpose spaces.

- Whiteboard surface for presentations and meetings.
- MFC panel in various finishes to blend with office décor.
- Provides a balance between function and design.

Whiteboard & TV Mount

The perfect combination for interactive meetings and digital collaboration.

- Whiteboard for note-taking and brainstorming.
- TV mount for presentations, video conferencing, or hybrid meetings.
- Cable management included for a clean, professional setup.

Shelves & Storage

A practical solution for organisation and accessibility.

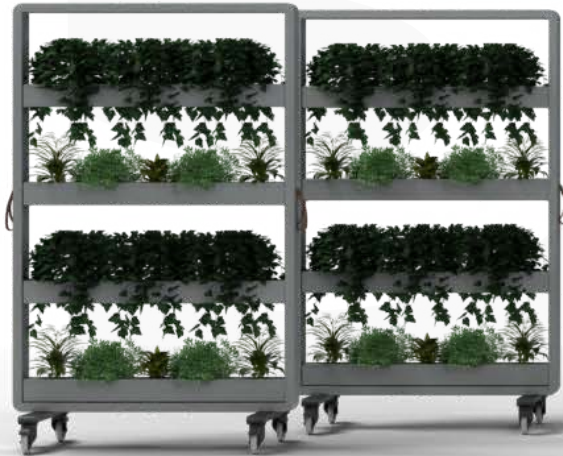

- Open shelving for displaying books, office supplies, or décor.
- Built-in storage unit keeps clutter out of sight.
- Ideal for shared office spaces needing additional functionality.

Planter

Bringing biophilic design into the workspace.

- Integrated planter trays to introduce greenery.
- Enhances well-being and reduces noise levels in open spaces.
- Perfect for creating natural dividers in modern offices.

Planter & Storage

A balance of nature and functionality.

- Planter trays to improve air quality and create a calming atmosphere.
- Additional storage for organising office essentials.
- A stylish way to bring nature into hybrid work environments.

Coat Rail & Storage

Keep office spaces tidy with a practical storage solution.

- Coat rail for hanging jackets, bags, or accessories.
- Integrated storage unit for additional organisation.
- A must-have for reception areas, meeting rooms, or shared workspaces.

2 CONFIGURATIONS

Customisation & Accessories

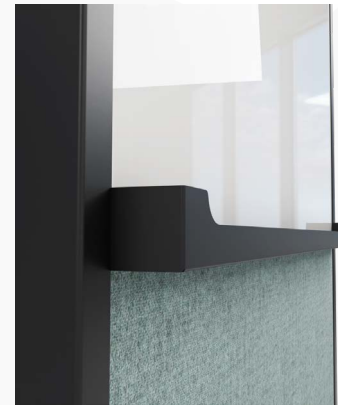

Spry comes equipped with thoughtfully designed accessories that enhance usability straight out of the box. From sleek leather handles for effortless mobility to whiteboard pen trays, cable tidies, and integrated storage solutions, every detail is built to support agile working. No need for add-ons—each configuration includes the essential tools to keep your workspace organised, efficient, and ready for collaboration.

SUSTAINABILITY

SUSTAINABILITY IN MOTION

At Workscale.Design, sustainability is at the core of our design philosophy. **Spry** is crafted with eco-conscious materials and responsible manufacturing to reduce environmental impact.

Thoughtfully Sourced Materials

Recycled & Recyclable – Over 50% of Spry's metal components come from recycled materials, and all steel, plastic, and wood elements are fully recyclable.

Sustainable Finishes – Our MFC panels are **FSC® certified**, ensuring they come from responsibly managed forests that provide environmental, social, and economic benefits. This certification guarantees that the wood used meets strict sustainability standards, helping to protect biodiversity and support ethical sourcing.

Low-Impact Manufacturing

Waste Reduction – Lean manufacturing minimises material waste.

Energy-Efficient Processes – Precision laser cutting and closed-loop powder-coating lower emissions.

Built to Last, Designed to Adapt

Spry's durable, modular design extends its lifespan, reduces waste, and ensures it evolves with your workspace needs. By choosing **FSC-certified materials** and sustainable production methods, Spry supports both workplace functionality and environmental responsibility.

CONFIGURATOR

Click and Customise

Customise Spry to Fit Your Space

Design the perfect agile panel with the Spry Configurator. Choose from nine pre-designed configurations, each with built-in accessories, and personalise finishes to match your workspace aesthetic.

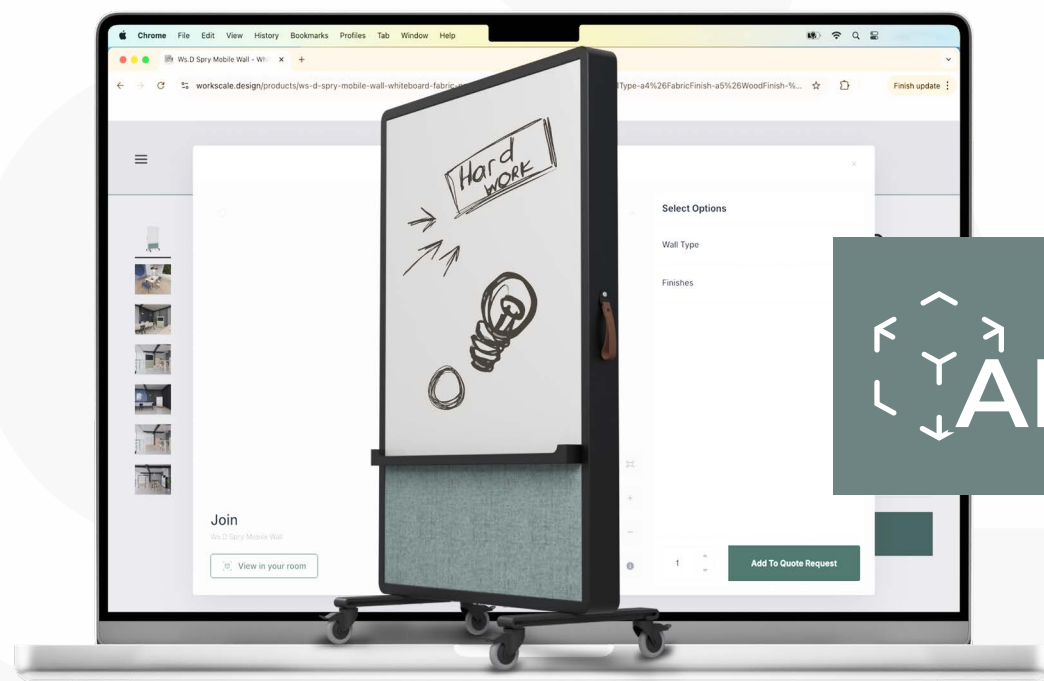

Tailor Your Selection

- **Pick Your Configuration** – Whiteboard, pinboard, storage, shelving, TV mount, or planter options.
- **Match Your Style** – Customise metal colours, MFC panels, and fabric pinboards.

Real-Time Visualisation

- **Interactive 3D Preview** – Instantly see your design before ordering.
- **Seamless Designer Integration** – Download 3D files for collaboration.

Spry adapts to your needs—customisable, flexible, and ready to transform your workspace.
